EXPERIENCE

❖ **Web development | TwiLearn Edutech**

Duration: 01/12/2022 – 02/02/2023

During my virtual internship at TwiLearn Edutech, I worked with a team to successfully complete a project for creating a Travel Service website. The goal was to develop a user-friendly website that facilitates seamless travel between different locations and provides access to various travel services. We utilized HTML, CSS, and JavaScript to accomplish this.

ACADEMIC PROJECTS

❖ **Mu Clicker-Event Management System**

As part of a group project, we designed and developed the MU Clicker website specifically for Marwadi University. The website aimed to effectively manage events. My primary role in this project was designing the website using HTML5, CSS, and JavaScript.
